

PC-VA20

20 Ton Portable Vertical Air Conditioner

Vertical Cooling/Heating

The PC-VA20 allows for increased tonnage and static pressure in places never thought obtainable with a 20-ton unit. Specifically designed for the rental/temporary industry, the low profile design provides easy maneuverability and fits through a standard 36" doorway. As with all UCA portable products, the PC-VA20 is rated for both indoor/outdoor applications.

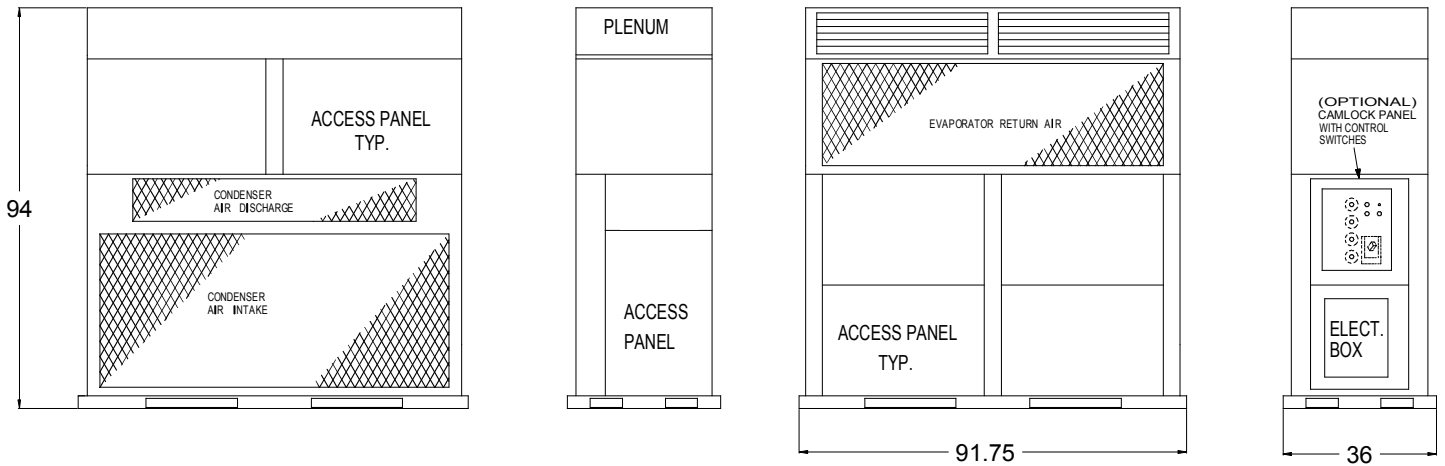

Portable Cooling Solutions
